Spring Greetings to You!

Kids are fun, grandkids even more fun. *Grandma, what keeps God from falling out of the sky? Why was I born last? Grandpa, why don't you have any hair? Why don't dogs talk to us?* They think we know everything, at least until they become teenagers. Funny how the questions stop at that point.

God, of course, does know everything. Just grasping *that* fact is beyond what we can grasp. As humans, we lack the capacity to enter the arena of wisdom with God. We can merely snatch tidbits.

***Oh, the depth of the riches of the wisdom and knowledge of God! How unsearchable his judgments, and his paths beyond tracing out! Romans 11:33***

He is so much more! He is more than we can see or know or understand or receive. He has a knowledge base that would blow the circuits of the largest computer. The internet could never define him or contain him; no volume of books give an adequate description or explanation. Uncontainable. Unimaginable. Unsearchable.

Not only *is* he more, he always *has* more. He has more guidance to give, insights to impart, revelations to reveal, and perceptions to present. His storehouses of knowledge are vast and beyond placing a value. They bring life, peace, truth, significance, nurturing, protection, acceptance, grace, power, mercy, and joy.

God alone holds the keys to the riches of wisdom, and he is happy to share them with all who walk with him. Why not read his wisdom today? (*Resting Words, Day 123*)
