11. Save the information.
12. After you create your profile, go to the app store on your phone. NOTE: You do not need to download an app to use The Journey app. You can access it either through the browser on your phone or on a computer.
13. If you want to download the app to your phone, search for "**Circle Communities.**" (Blue with a white C in the middle.)
14. Download and open the Circle app.
15. It will ask for your email and then send a code to that email. Use the same email you signed up with.
16. Retrieve the code from your email (the email you signed up with). The email will be from **Circle Communities**. Check your spam folder if you don't see it. If the email isn't in your inbox or spam folder, you still need to finish creating our profile. Go back to the webpage to finish your profile.
17. After entering the code, you should be in the app. Look for a welcome message from me!
