Podcast Worksheet How is your Software Programmed? Reprogramming our Belief System with the Truth

Scriptural Texts:

Psalm 98:9; 121:3-4; 139:14; 145:9; Jeremiah 31:3; 32:27; Isaiah 54:10; John 8:26; Acts 10:35; Romans 8:1; Ephesians 1:4; Philippians 4:19

Main Points:

- 1. Our beliefs are like internal software, guiding our life and influencing our decisions.
- 2. Whether we are aware of it or not, we are our own programmer; we control our beliefs.
- 3. False beliefs lead us down Pride Pathway in life-altering ways.
- 4. False beliefs stem from pride, believing we are the source of truth rather than God.
- 5. Our instruction manual for locating truth is the Bible.
- 6. Our success is dependent upon reading and absorbing God's Word.
- 7. It isn't enough to know the Word; we must believe it, allowing it to impact our life.
- 8. The place to start finding our false beliefs is prayer, by asking God to show us.
- 9. Our beliefs tend to fall into three categories: God's character, God's relationship with us, and our identity.
- 10. Positive and negative events impact our beliefs as well as parents, family, church, teachers, friends, etc.
- 11. Unhealed wounds will likely interfere with our ability to believe the truth.

1. List 2-3 beliefs you have about God's character. What is the truth? *

12. Having true beliefs about ourselves and God opens us up to receive great joy and blessings.

Questions:

- 2. List 2-3 beliefs you have about God's relationship with you. What is the truth? *
- 3. List 2-3 beliefs you have about your identity. What is the truth? *

Prayer of Response:

Lord God, I realize I have some faulty code in how my beliefs are programmed. I know I need to do my part, diligently reading and studying your Word. Please help me sort out what is false and true as I read each day. Forgive me for my pride, believing I know better than you do. In Jesus name, amen.
